

Dear Neighbors,

I decided to help change our neighborhood for good, I'm supporting my friend **Jose Rico** to be our next Alderman. Jose is a **little village** resident and a lifelong fighter for community values. In this moment of change, It's important to put someone in office who is going to fight for the interests of working families in the 12th ward.

I'm inviting you to come to my house at 6:30pm on Monday, Decmeber 17th to meet Jose and learn about how you can help support this change in 2019.

Sincerely,
